

Aguaclan Water Purifiers Pvt Ltd.

An ISO 9001:2015 Certified Company - BAS CERTIFICATION

Our mission

To supply superior quality drinking purifier machines to everyone who need purified water to lead a healthy life

AGUACLAN - Asia's No 1 Stainless Steel Dual Technology Water Purifiers, which was founded by Mr.C Guruswamy who has been bred in the water purifying industry for over a decade and has his roots firmly fixed in the fields of filtering, Super cleaning and liquid purification for more than 25 years. Accompanied by a group of passionate and highly self driven individuals, we strive to bring safe and clean water to every person.

We proudly present our wide range of water purification system - Water Purifier/ Water Coolers/ Water Dispenser/ RO Systems/ATM water vending machine and STP solutions. Our mission is to provide clean and healthy drinking water so as to hinder the water borne disease.

Being on the verge of water crisis, clean water has become a distant dream for many people and we wanted to change for the better. We could not find any better way to put this other than our motto " WE CARE WHAT YOU DRINK". The change may be small but the change is imminent and we invite you to be a part of it.

WHY CHOOSE US

Our products are tailor made and you always have the liberty to customize the products as per your needs. We believe in the process that everything starts with the customers and ends with the customers.

YOU CAN CUSTOMIZE FROM OUR BELOW LIST OF PURIFICATION METHODS

Spun Filter(Pre-Filter), Activated Carbon Filter(Pre Filter), Antiscalant (Increases the Life of Ro membranes), Sediment Filter, RO, Silver Nano (maintains mineral level in water), Post Carbon, Alkaline (maintains PH), UV(Ultra-Violet) treatment, Ozonisation.

We are an organization who strongly recommend Eco-Friendly products.

With no doubt and objection you can purchase our products for your requirement.

CERTIFICATIONS

OUR RANGE OF PRODUCTS

TETRA - Water Purifier

- Asia's first Dual purification Purifier (UV + ozone)
- Advanced Micro-controller ensures 100%
- Automatic Re-purification of water happens by ozone process makes us the unique brand in the water industry.
- Advanced Micro-controller PCB board ensures complete automation and safety.
- Advanced Ultraviolet purification assures the water is free of harmful bacteria and fungus
- Our products can be availed in customized range as per the specifications and requirements of our clients.(Normal, Hot, Cold)
- Available in 50lph , 75lph , 100lph ,125lph and 250 9taps models
- Made in India Product

Ozone Purification

Uv purification

High Durability

Auto cut off

TRION - UV + OZONE + RO Purifier

- Asia's first Compact mineral water dispenser machine (UV+Ozone+RO)
- Additional water pump can be attached if required
- Pure clean drinking water dispenses with normal hot and cold options.
- 100% automatic electronic controller with RO units may be attached inside with Ultraviolet purifier
- Our products can be availed in customized range as per the specifications and requirements of our clients.(Normal, Hot, Cold)
- Available in 50lph , 75lph , 100lph ,125lph and 250 9 tap models
- Made in India Product

Purified water

OZONE PURIFICATION

HYDRA - Water Dispenser

Hydra Ozone + comes only with ozone purifier

Hydra UV + comes only with UV purifier

- High quality Stainless steel dispensers with SS304/316 options available
- Eco-friendly, food graded raw materials, friendly maintenance and advanced product design.
- Activated pre carbon and Spun filter removes the foul smell , color and dust that are less than that of 5micron
- Indication of no flow of water, Automatic cut off can be controlled by water level controller
- Our products can be availed in customized range as per the specifications and requirements of our clients.(Normal, Hot, Cold)
- Available in 50lph , 75lph , 100lph ,125lph and 250 9taps models
- Made in India Product

Eco friendly

Food Graded

Long Lasting

Corrosion Resistant

Unlike a drop of water which loses its identity when it joins the ocean, man does not lose his being in the society in which he lives. Man's life is independent. He is born not for the development of the society alone, but for the development of his self - B. R. Ambedkar

NIO - Bottom Loading Dispenser

- Asia's First stainless steel bottom push dispenser with IOT Enabled PCB board
- Gives an alert to replace the can when it reaches up to 5litres
- IOT Enabled machines which gives real time data analysis of the number of cans consumed
- Can be Used in IT companies , MNC manufacturing companies and Malls etc.,
- Our products can be availed in customized range as per the specifications and requirements of our clients.(Normal, Hot, Cold)
- Available in 50lph , 75lph , 100lph ,125lph and 250 9taps models
- Made in India Product

changing cans

High Durability

EEVO - RO Purifier

- Electronic micro controlled Ro dispenser machines (10lph , 25lph , 50lph and 100lph inbuilt capacity)
- RO+UV --- RO+UV+UF ----- RO+UV+UF+Alkaline --- RO+UF+UV+ Silver nano purification can be added in the machine
- NSF Certified membranes and components with Auto flush options
- Inlet of water is controlled with probe based sensor and Conductivity flow sensor
- Our products can be availed in customized range as per the specifications and requirements of our clients.(Normal, Hot, Cold)
- Available in 100lph ,125lph and 250 9taps models
- Made in India Product 🇮🇳

Rust Free

Ro Plants

A fully functional reverse osmosis, water purification\ treatment system's success lies in its design. when you deal with Aguaclan, you get our experience and our expertise along with a complete range of purification solutions. We also provide STP (sewage water treatment Plant) services.

U SMART-DOMESTIC

- Universal pump assembly provisions for all branded pumps (Eichen, Swann ,DMC ,Lexcru ,BNQS ,Kemflo)
- Installation is so easy with a free template of wall mounting provisions
- Theme/customer based designs can be made of with MOQ 50nos
- 10 lit of normal storage tank ; 2 lit of hot storage tank (optional)
- SS 304 of 0.8mm thickness with SS support clamps
- Inbuilt with Provision of RO+UV+UF+ Alkaline combined
- High Quality stainless steel taps
- Available with SS202/304 housings
